THE STUDIO

A portrait studio with a magazine sensibility.

EKP is a boutique studio for high school seniors and the families that raise them — built on the belief that the right portrait, made well, deserves to outlast the trend that inspired it.

Every session is shaped around the person on the other side of the camera. Locations, outfits, light, and direction are planned before we shoot — so your portraits feel like the most considered version of you, not the most filtered.

VOICE

"A portrait that earns its place on the wall is worth
more than a thousand on a phone."
